

GENERALIST MPH at CSU - MPH/DVM Students

*MPH/DVM students can choose to complete their MPH on any of the three campuses - they are not required to complete their MPH at CSU.

*MPH students at Colorado State University are not required to select a focus area and can choose to remain a Generalist.

*The following sample schedule may be altered to fit your needs. The number of credits in a given semester and the number of credits to be transferred from the DVM program to the MPH program (up to 10 credits) are all flexible.
