

Professional Veterinary Medicine (PVM) Scholarships

All of the Scholarships listed here are *college-based* (College of Veterinary Medicine and Biomedical Sciences) **and are applied for by** Professional Veterinary Medicine (PVM) students, enrolled in their first, second, or third year of the PVM program, **by participating in the on-line PVM Scholarship Application process.** The application process takes place in November of each year for the selection of recipients of scholarships to be awarded for the next academic year. (Certain of these scholarships may require an additional application process that is explained to eligible students at the time of the general PVM application process.) Students who choose to submit PVM scholarship applications make up the applicant pool from which scholarship recipients are selected. There may be additions or deletions to this list before the actual distribution of scholarships takes place. ***Yearly distribution is dependent on availability of funding.***

In addition, graduate/professional level students in CVMBS can apply for scholarships administered by the University through the CSU Scholarship Application (CSUSA) for the 2009-2010 academic year. The CSUSA will be available online at RAMweb beginning on December 1. The deadline for submission of a completed CSUSA application is March 1 at 11:00 p.m. (MST). Go to ramweb.colostate.edu and login using your eID. Then select the CSU Scholarship Application link. To be considered for need-based scholarships through the CSUSA, your Free Application for Federal Student Aid (FAFSA) must be submitted no later than March 1. **(Please see the C.S.U. Student Financial Services website: www.sfs.colostate.edu for complete information on the CSUSA.)**

When the college receives notification of a scholarship administered by an organization outside of our college for which PVM students may be eligible, the scholarship is announced through e-mail to eligible students so that interested individuals may apply. The Colorado State University Student Financial Services Office is also a resource for students searching for scholarship opportunities.

SCHOLARSHIP NAME	AWARD	ELIGIBLE CLASS	ADDITIONAL CRITERIA
Achievement Rewards For College Scientists (ARCS) 1) 3 yr renewable scholarship to a Freshman PVM student, or 2) 1 yr non-renewable scholarship to a Junior PVM student	Monetary	PVM 1 and 3	Student with a record of past achievement & who shows exceptional promise of being able to make a significant contribution to the strength of the nation.
